

Dear Parent,

As you may know, Live Kitchen is an award winning ordering and payment system which ensures children get the meals that they want, and provides cashless payment options for parents. The new system also cuts down on paperwork and staff time. You will be able to go online and order meals from home, view recipes, check artificial ingredient information, and block dishes which contain certain allergens.

Pre-Ordering

Pre-ordering is done by the parent and child at home (see reverse) or on the classroom interactive whiteboard each day. Vegetarian options are clearly displayed on a green button.

Dishes that contain allergens unsuitable for your child will be blocked (if we have been notified).

Lunchtime

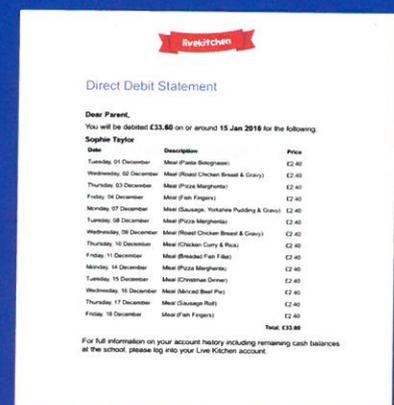

The children now select their name on a touch screen at the hot plate during lunch service. Their meal choice is displayed to the cook, as well as their dietary needs. If a mismatch is detected the cook will advise of an alternative.

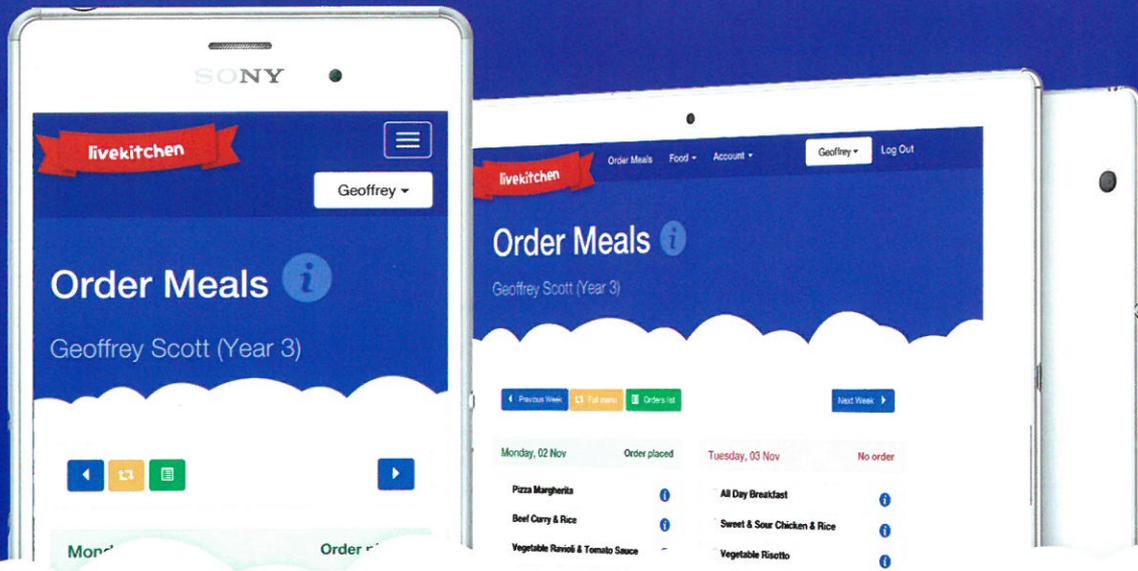

Pay by Direct Debit and Save Time

Direct Debit **saves time** in the school office, the kitchen, and at home!

Sign up and we will send **regular statements** that inform you of the meal choices your child made each day. Forget having to find the correct change each day or pay large sums in advance!

We collect on a monthly basis and we always give **two weeks notice** before amounts are collected. Turn the page for more information.

Get an Account and Log In

Give your email address to the school office to get a Live Kitchen account. You will receive an email from us containing your login details and a link to our website.

Tick your Allergens

If your child has a common allergen, you can enter it on the website and Live Kitchen will help to block any unsafe options by eliminating them from pre-order. We will also inform the cook on the lunchtime screen.

Click the Button to Pay by Direct Debit

If you have any children who are not entitled to free meals, you can pay for their meals at the end of each month by direct debit. It is collected in arrears and we always let you know what we are collecting two weeks in advance. There is a link on our site and sign up is instant.

Set a Spend Limit (Senior and Middle Schools)

If your school allows pupils to buy additional items at lunchtime you can set a limit on how much they spend each day.

It's really easy and you can order for a day or a whole term!
