

Paula Green

I am delighted to have been asked to join the Governing Board of Syresham School having lived in Syresham all my life and spent my primary school days at the school. I have many happy memories from childhood ranging from a school residential to Whitby, May Pole Dancing and making cheese with a student teacher. I hope to be able to give something back to the community whilst serving as a Governor.

I am involved in many organisations in the village and like to support as many events as possible. I run the Brownie Pack in the village and am a member of the Wesleyan Chapel, where I play the organ each Sunday.

I am a teacher at a local Independent School and currently have a class of Year 3 children, I am Head of Food Technology and organise and run the schools holiday clubs.

In my spare time I enjoy cooking, walking, spending time with my niece and nephew and when I can cruising the Grand Union Canal on my narrowboat.
