## SCIENCE WEEK 11<sup>th</sup> to 15<sup>th</sup> MARCH 2019

We are planning a series of activities for Science week this year using the theme of “**The Ocean**”. This will include experiments, research projects, a visit and model making. We are also very pleased to say that we have received a small grant towards our Science Week from the British Science Association which will help towards the cost of coach hire and equipment during the week.

### The Visit

We have planned a whole school trip to the Birmingham Sealife Centre on Tuesday 12<sup>th</sup> March, incorporating a visit to Legoland Birmingham in this visit as well. We will be leaving school at 8:50am in order to maximise our time in Birmingham and returning to school at 4:15pm. Children should all be in school by 8:30am at the latest so that we can make an early start. We are using part of the grant we have received to subsidise this trip, so the cost per pupil will be £16.50. This may be paid using Eduspot/school money (a password will be emailed/texted to you shortly) or by cash.

School uniform must be worn. Children will need a packed lunch and drinks, plus snacks for the day. This should be in a rucksack, not a lunch box, so it can be carried around easily. There is a bit of walking involved between the two venues, so a coat is essential as well.

Please sign and return the slip at the foot of this letter by Thursday 7<sup>th</sup> March.

### Equipment

Please can every child bring in two 750/500ml CLEAR plastic bottles (normal sized drinking water bottles) and 3 or 4 plastic bags (the cheap 5p ones) of any colour for our experiments during the week. Thank you.

With regards,  
Mrs Bernert  
Science Co-ordinator
